

Information for your safety

- Please register at gate before entering the company premises. A member of staff will meet you there and take you back there after your visit.
- In principle, the traffic regulations apply on the entire GMVA premises.
- Motor vehicles may not exceed a speed of 10 km/h on company premises.
- Please wear sturdy shoes during the tour (no high heels).
- Since helmets are required on the entire site, you will be provided with a helmet and a safety vest for the duration of the tour.
- Before the tour begins, you will take part in a briefing on the general safety instructions.
- Smoking is strictly prohibited in the entire area of the facility.
- We would like to point out that the existence of electric and magnetic fields is possible on the GMVA site. An influence on the function of pacemakers cannot be ruled out. Persons wearing a pacemaker enter the GMVA premises at their own risk.
- If you intend to publish a press release about this tour, please coordinate this article with us in advance.

Important signs

Helmet and safety vest compulsory

Outside the administration, a helmet and a high-visibility vest must be worn on the entire site. You will be provided with a helmet and a vest for the duration of the tour.

Smoking prohibited!

Smoking is not permitted anywhere on the premises.

Signposted escape route!

In case of danger, follow the direction of the arrows; they show the safe way out of the building.

Meeting point!

Meeting point in case of fire alarm.
